Flash Talks are 3-5 minute presentations on current, concluding or proposed research and create a foundation for interdisciplinary collaboration. Faculty posters, research project demonstrations and textbooks can be submitted for display. Student submissions are encouraged and will be displayed as poster presentations.

ABSTRACT PROPOSALS: The short abstract should briefly describe the research. Accepted abstracts will be printed in the "CASA Research Flash Talk 4.0" program and posted on the OpenSIUC online repository.

Send abstract proposals to Cara Doerr (caradoerr@siu.edu) by 5 p.m. March 25.

The event is free and open to the public. RSVP's to Chad Waters at cwaters@siu.edu or 618/453-8840 are encouraged.
